CONSTRUCTORS ASSOCIATION OF WESTERN PENNA.

Suggested Routing

- Company Management
- Field Supervision
- Safety Director/Coordinator

March 24, 2009

REMINDER

TO: CAWP/H2AP Members
FROM: Jason Koss, Director of Industry Relations
SUBJECT: AGC/OSHA Focus 4 Hazard Training

FREE SAFETY TRAINING ON FOUR MAIN CONSTRUCTION HAZARDS

The Constructors Association and the Master Builders Association of Western Pennsylvania continue to bring top-notch safety training at no cost to western Pennsylvania contractors by scheduling one of the few AGC/OSHA Susan Harwood Grant training sessions in the nation. This free training course on the Focus Four Hazards in construction will review the following hazards and ways to prevent them in detail: falls, electrocution, caught-in's, and struck-by's. These hazards account for over 50% of all construction fatalities. See attached flyer for additional course information.

Safety Training for the Focus Four Hazards in the Construction Industry

- DATES:** ➤ Monday, May 11 or Tuesday, May 12 - (select one date only)
- LOCATION:** ➤ Master Builders Association of Western Pennsylvania,
631 Iron City Drive, Pittsburgh, PA 15205 **TIME:** 8:00 AM – 5:00 PM

This Safety Bulletin may be downloaded at www.cawp.org under SAFETY. If you have any questions, please call the Association office at (412) 343-8000.

AGC OF AMERICA AND OSHA PRESENT...

SAFETY TRAINING FOR THE FOCUS FOUR HAZARDS IN THE CONSTRUCTION INDUSTRY

COST TO ATTEND?

FREE

PROGRAM DESCRIPTION

The Focus Four hazards

- FALLS
- ELECTROCUTIONS
- STRUCK-BY'S, and
- CAUGHT-IN'S

account for the greatest number of fatalities in the construction industry. Over the last 11 years, on average, 640 workers (over 50% of all construction fatalities) were killed despite Occupational Safety and Health Administration (OSHA) standards and special emphasis enforcement programs. This type of information was used to develop this construction safety program on the reduction of accidents by addressing the Focus Four hazards.

LEARNING OBJECTIVES

- Focus Four Hazards statistics
- OSHA standards and Industry Best Practices to abate the Focus Four Hazards
- How to identify locations of the Focus Four Hazards
- Selection and criteria of Focus Four Hazards safety systems and equipment
- Training requirements for the Focus Four Hazards

WHO SHOULD ATTEND?

- Company Officers
- Managers
- Project Managers
- Supervisors

- Foremen
