

2 New Safety Videos

HIGHWAY WORKER SAFETY VIDEOS

With increased work in our region, contractors are adding new employees with limited construction experience. One way to provide basic safety training for new workers is to utilize these free safety videos developed by CAWP.

TRAIN YOUR CREWS!

Pipe Installation

14 Minute Video

Pre-Construction
Field Operations
Post Construction

Slipform Paving

10 Minute Video

Slipform Paving Equipment
Safety Precautions & Control Measures
Slipform Paving Crew Responsibilities

4 STEP PROCESS

Follow these steps for effectively presenting the materials and making the most of your safety meeting.

1. Offer an overview of the topic.
2. Show the video.
3. Review key concepts and answer questions.
4. Have employees sign an attendance sheet.

Videos can be accessed at cawp.org/services/safety/hws
