Work Zone Awareness Week - April 26-30

Our industry actively supports the National Work Zone Awareness Week and participates in outreach efforts to educate the traveling public about dangers of driving through work zones.

National Work Zone Awareness Week (NWZAW), in its 21st year, is a national public awareness campaign that spreads the message that we are all responsible for work zone safety.

This year's NWZAW is April 26-30, 2021 with the theme of “**Drive Safe. Work Safe. Save Lives.**”

How can you participate in work zone awareness week?

1. Hold a safety stand-down on Preventing Struck-By Incidents – visit our [resource page](#) and stand-down [planning tools](#).
2. **Support “Go Orange Day” on Wednesday, April 28 by wearing orange.** Spread the message of work zone safety with your friends, family and community and by liking, commenting and sharing on social media using the hashtags **#CAWPWZSAFETY**, **#NWZAW** and **#GoOrange4Safety**.
3. Display the 2021 NWZAW [poster](#)

4. Distribute the CAWP NWZAW [flyer](#)

Featured Professional Construction Leader Video - The Professional Leader Defined

The Professional Leader Defined addresses the fact that many field leaders still have a hard time accepting the idea that they are professionals. Oftentimes they have one foot in each world – the blue-collar mindset and the manager-leader mindset, which detracts from their ability to view themselves as professionals and for others to see them as professionals. Field leaders need to be professionals with their crews, other contractors and trades, owners, OSHA representatives and everyone else with whom they come into contact. This coaching session on defining exactly what professionalism means helps them understand and embrace this role.

Take advantage of this and other videos in the **Professional Construction Leader** series, presented by Mark Breslin of Breslin Strategies – online at the CAWP Member Portal.
