Participate in the 2021 Safety Stand-Down on September 15

CAWP is partnering with PennDOT, the PA Turnpike Commission and industry partners in calling for a Safety Stand-Down on Wednesday, September 15. The event will call upon the industry to Stop, Pause, and Talk about ways to prevent accidents on the job site.

When highway workers and the traveling public work together, we are all safer. That's why this year we're asking the industry to **Stand-Down** and the public to **Slow Down** and take a moment on **September 15** to think about work zone safety.

Stand-Down Materials can be found on the [CAWP Safety Stand-Down Webpage](#). Additionally, promotional items such as tee-shirts, hard hat stickers and/or vehicle magnets are available. If you are interested in purchasing promotional items, please note that orders must be completed **by August 23**.

CAWP also participated in a press conference on August 12 promoting the Safety Down at the I-79 Neville Island Bridge Project. Video of this media event can be viewed on the [CAWP Safety Stand-Down webpage](#).

CAWP CARES: Lindy Paves the Way!

Recently, a local 8 year old girl learned the power of using her voice and creating positive change in her community. The young girl reached out to her local politician for a school project to request improvements to a local walking track back in June. Not only was her request granted, but CAWP member Lindy Paving, Inc. was able to make improvements a reality earlier this month.

CAWP + AGC

In 1939, CAWP was granted a full charter with the Associated General Contractors of America (AGC), the largest and oldest national construction trade association in the United States. Established in 1918, AGC is the most respected voice of the construction industry in the U.S. Congress and has continued to enhance its reputation for being the respected voice of the construction industry in Washington, D.C.

Your membership in CAWP includes membership in AGC. Please watch this section in the CAWP Weekly to stay up-to-date on the news, events, and member benefits from AGC and other AGC chapters.

CAWP Supports CLC Members at AGC Leadership Conference

AGC of America's CLC Leadership Development Conference brought together emerging construction leaders from across the country in various construction sectors to network, learn and share. Mid-level professionals were given the opportunity to develop their leadership skills and gained information on CLC best practices and how to grow local CLC groups.

CAWP was represented by two CAWP CLC Steering Committee members, Nathan Miller, Northeast Paving, Inc. and CLC Steering Committee Chair and Sylvia Wolfe, Fay S&B USA Construction, CAWP CLC Steering Committee Member.

"Attending the CLC leadership conference gave me an opportunity to connect with other AGC chapters and learn what they do for their members. Nationally, it has been challenging to connect with the next generation, especially during the pandemic. Even with those challenges, outreach like CAWP's annual estimating competition has allowed our chapter to build strong connections with local student AGC chapters and establish talent pipelines. I can't be more proud of our chapter and look forward to continuing serving on the steering committee," said Wolfe.
