

CAWP WEEKLY

Issue #23-22 | June 6, 2022

BUILDING THE FUTURE WORKFORCE!

Building the Future Workforce!

As part of CAWP's workforce development initiatives, the Association, in conjunction with Mascaro Construction, is a financial supporter of a construction storefront at Junior Achievement BizTown in Bridgeville.

JA BizTown combines in-class learning with a day-long visit to a simulated town. This popular program teaches elementary school students to apply for a job, write checks, maintain a cash register, operate banks, manage a business, and vote for mayor. The program helps students connect the dots between what they learn in school and the real world.

Throughout the spring, volunteers staffed the Construction Store Front to assist the student participants. Students had to price and sell tape measures, manage the store finances, as well as build a bench. Last week, CAWP volunteered for two days at JA BizTown with over 160 5th grade students from South Fayette.

PROJECT MANAGEMENT DEVELOPMENT PROGRAM

Project Manager Development Program

June 13th – June 17th - Monday through Friday from 10:00 a.m. – 6:00 p.m.

AGC Edge Project Manager Development Program (PMDP) is highly interactive and offers construction-specific training developed and field-tested by and for contractors. The highly collaborative virtual program

provides instruction via Zoom and training to prepare construction industry professionals with the necessary skills and knowledge to increase participants' ability to work successfully with others to ensure project success.

These five courses cover the basics of project management and provide tactics and strategies for ensuring project success.

Courses will be offered online via the Zoom platform, a webcam is required for participation. Registration costs include all course participant's materials.

When registering, make sure to select CAWP as your referral source.

SUPERVISION FUNDAMENTALS

Construction Supervision Fundamentals

June 27th – June 29th - Monday through Wednesday from 10:00 a.m. – 6:00 p.m.

AGC Edge Construction Supervision Fundamentals (CSF) is highly interactive and allows the building trades and craft workers to experience construction supervision techniques firsthand and create a professional development plan to achieve personal career goals. The highly collaborative virtual program provides instruction via Zoom and training to prepare building trades and craft workers to learn the entry-level management skills to lead construction activities.

This course is the first step on the path to invest in and retain your team by developing your own supervisors.

Courses will be offered online via the Zoom platform, a webcam is required for participation. Registration costs include all course participant's materials.

When registering, make sure to select CAWP as your referral source.
