

CAWP EDUCATION BULLETIN

Issue #06-22 | November 11, 2022

PennDOT requires that all testing and sampling of concrete be performed by an individual who is qualified in testing and sampling. This PennDOT Certification program satisfies this requirement.

The following information can be accessed and downloaded at the Northeast Center of Excellence for Pavement Technology (NECEPT) website - www.superpave.psu.edu.

- Publication 536 - Initial Certification & Recertification Requirements and Application Procedures
- Course Outline
- Course Manual – 133 pages
- Schedule – virtual courses will be held from January to March 2023
- Retests – will be held in April and May 2023
- Registration Information
- Course Fees: The 2023 course fee is \$80 per person
