## Volunteers Needed for Carpenter Apprentice Interviews

A common issue expressed to the Association is the need to find individuals who can be developed into skilled craftpersons. Annually, each Apprenticeship program tests, interviews, and selects apprentices. We need representatives to assist us in the interview process for the Carpenters. Please consider being on the interview panel or encourage a representative from your company to do so.

**DATES: Every third Friday of the month, 7:00 AM – 12:00 PM**
