Past Estimating Competition Students Share How Competition Led to Careers

Former CAWP Student Estimating Competition participants Juliah Seymour and Austin Uric, both currently employed by

Fay, S&B USA Construction, share their insight on how the competition gave them an edge with making industry connections, gaining valuable experience, and advancing into careers. In addition, both Seymour and Uric currently serve on the CAWP CLC Steering Committee.

Read more about their experience with the competition and how being involved directly benefited their professional development.
