

CAWP Safety Bulletin #4-23

April 11, 2023

National Work Zone Awareness Week (NWZAW) is a national public awareness campaign to raise awareness that we are all responsible for work zone safety. This year's campaign is April 17-21. In coordination with this week is a National Stand Down to Prevent Struck-By Incidents. CAWP and others actively support and participate in outreach efforts to educate the public and the industry about dangers of driving through work zones and struck-by incidents.

This year's <u>NWZAW poster</u> can be posted and the theme is "You play a role in work zone safety. Work with us."

New this year... read about CAWP's Safety Committee members on their efforts to keep employees safe in work zones. Five safety professionals from CAWP members will be highlighted during the week and share their stories.

Here are five ways you can participate in the awareness week:

- 1. Hold a safety stand-down on Work Zone Awareness & Preventing Struck-By Incidents visit our Work Zone Awareness page for a list of resources.
- 2. Attend a <u>webinar</u> on Preventing Struck By Hazards Tips and Strategies on April 17 at 2 pm
- 3. Support "Go Orange Day" on Wednesday, April 19. Wear orange to show your support and UPLOAD any pictures <u>HERE</u>
- 4. Spread the message of work zone safety by sharing on social media using the hashtags **#CAWPWZSAFETY**, **#NWZAW** and **#GoOrange4Safety**.
- 5. Review, post, and share CAWP's latest quarterly report on Work Zone Incidents.

This Safety Bulletin may be downloaded at www.cawp.org under SAFETY. If you have any questions please contact Jason at the Association office at (412) 343-8000 or email jasonk@cawp.org.
