Building a Culture of RESPECT

Anti-Harassment Training and Resources Available Now!

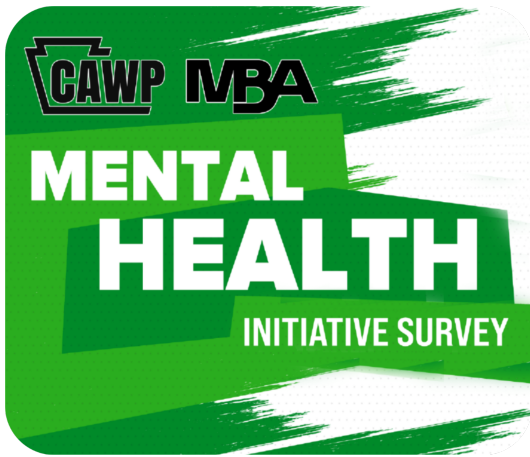

On March 23, 2023, CAWP unveiled a new type of anti-harassment training, RESPECT. Instructor Fran Sepler of Sepler & Associates reviewed the program which is designed to educate company managers and supervisors on building a more respectful workplace through a series of educational content and videos.

This program is now accessible at CAWPRESPECT.ORG and is offered at no charge to CAWP members.

There, you will find several resources to help train your supervisors to create a respectful workplace by using the *Respect* video series, which includes:

- A 30-minute video designed to assist supervisors in responding effectively to employee concerns and reports of misconduct or disrespectful behavior
- Four short (10-15 minute) videos on a variety of related topics, to be used as reinforcement of the overall message of the program
- Handouts and other resources like toolbox talks for supervisors to reference and use
- The Respect Pledge

CAWP/MBA Survey on Mental Health and Wellness

CAWP and the Master Builders' Association (MBA) have partnered to raise awareness on the importance of mental health and wellness in the construction industry. One way to gauge the industry's awareness is through this survey, which is being used to better understand mental health/wellness awareness, resources and needs in the construction industry. This 12-question survey will take 2-3 minutes and will remain open through April.

Work Zone Awareness Week

APRIL 17-21, 2023

Everyone plays a role in work zone safety. National Work Zone Awareness Week highlights the deadly dangers of inattention at highway work areas.

Make plans now for the week long commemoration.

[HOW TO PARTICIPATE](#)

Help AGC Improve Highway Work Zone Safety by Completing the 2023 Highway Work Zone Safety Survey by Friday, May 12

AGC and survey partner HCSS will use survey results to urge motorists to be careful during the summer travel season.

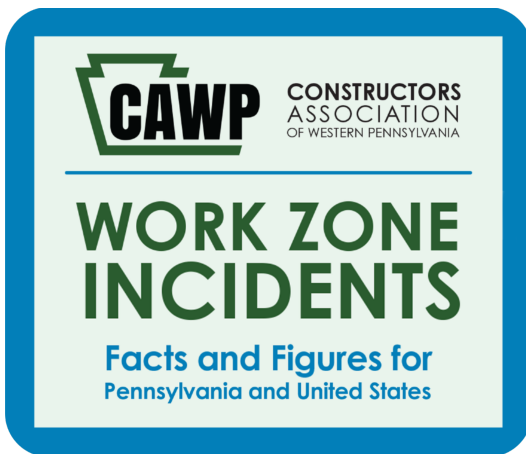

AGC of America and its survey partner, [HCSS](#), are asking all highway and transportation members to help improve work zone safety by completing this brief, [survey](#). AGC wants to

collect information on the number, severity, impacts and potential solutions to highway work zone crashes. The results of this survey will be used for a media and public education campaign AGC will launch the week before Memorial Day to encourage motorists to be more careful in work zones.

Please take a few minutes to complete this important highway work zone safety survey **by May 12th**. Contact Brian Turmail at 703-459-0238 or brian.turmail@agc.org with any questions, comments or concerns about this survey and AGC's plans to use it to promote highway work zone safety.
