Join us for the CAWP President's PAC Party!

Please join us on August 10, 2023 at the Heinz History Center for the 2023 CAWP President's PAC Party. The evening will include food, drinks, prizes, and the opportunity to visit the exhibits in the Heinz History Center all while supporting the heavy/highway construction industry. Proceeds from the event will benefit the Association's political action fund.

[Annual AGC/Autodesk Workforce](#)

2023 Autodesk and AGC of America Workforce Survey

Survey – Action Needed

AGC of America is seeking to understand the current state of the construction labor market, and also gauge how supply chain problems and materials price spikes are impacting your firms and the industry. We also want to understand how these and other recent economic developments are impacting your operations. Your answers will better equip AGC to advocate for measures to help the industry's labor needs in both the short and long term.

Please take a few minutes to complete the [workforce survey](#) that AGC and its partners at Autodesk have prepared.

Your responses will be kept confidential; only aggregated results will be reported. The results will help AGC better outline the current situation to elected and appointed officials, the media, educators and your peers within the business community. The more people understand the scope, and consequences, of current construction labor market and supply chain conditions, the more likely they are to enact measures to support the industry. We hope you, as well, will find the results useful in comparing your situation and expectations to those of your peers.

Thank you in advance for your time and support. And please do not hesitate to contact Brian Turmail, AGC's Vice President for Public Affairs and Strategic Initiatives, with any questions or comments about the [survey](#). He can be reached at (703) 459-0238 or brian.turmail@agc.org.
