Youturn Health Presents Substance Use Disorder & Recovery First Aid Seminar

On July 11, Rich Jones, Chief Clinical Officer of Youturn Health, presented a seminar on Substance Use Disorder

(SUD) and Recovery First Aid. With one in four employees living in an environment affected by addiction, education addressing substance use disorder is vital, but unfortunately rare.

Jones addressed how to get directly involved and educate your workforce on SUD, creating a culture that addresses SUD, how it impacts employees and their families, and how to be an ambassador within your organization.

For more information on this program, please contact Jason Koss at jasonk@cawp.org.
