CAWP Safety Training

New Courses: OSHA 30 & Traffic Control

OSHA 30-Hour Construction - March 25-28

The OSHA 30-Hour Construction Industry Training course is a comprehensive safety program designed for safety directors, foremen, field supervisors and anyone else needing a deeper understanding of the OSHA 29 CFR 1926. Participants receive the OSHA 30-Hour card.

Note: PWSA Contractors: PWSA requires that supervisors & foreman have the OSHA 30-hour construction card.

Cost: \$350

[REGISTER](#)

Traffic Control Technician / PA State Specific (ATSSA) – April 9

Traffic Control Supervisor / PA State Specific (ATSSA) – April 10-11

Traffic Control Technician (TCT) - An introduction to temporary traffic control in work zones for individuals who work in the field installing and removing traffic control devices. The course provides concepts, techniques and practice exercises in the installation and maintenance of

traffic control devices.

Traffic Control Supervisor (TCS) - Designed to train those who will be actively involved in designing or setting up and maintaining temporary traffic control in a work zone. It moves from the concepts and techniques taught in the TCT course to the implementation of traffic control plans and techniques for installation and removal.

These are ATSSA delivered courses, questions related to course certification can be found at: <https://www.atssa.com/training-certification/certification-recertification/> or contact customerservice@atssa.com or call 540-376-3873.
