CAWP Provides Testimony Before the House Transportation Committee

Last week, CAWP Executive Director Rich Barcaskey provided testimony to the House Transportation Committee's hearing on "Moving PA Forward by Investing in Roads, Bridges, and Transit." The hearing was held at the Laborers Local 1058 hall, located in Pittsburgh.

Barcaskey highlighted the close working relationship between the Association and the unions in advocating for transportation funding, as well as the need for another comprehensive transportation funding plan since the last one, Act 89, was passed over a decade ago.

In addition, Barcaskey explained the role the Association takes in promoting careers in highway construction and provided an overview of the Highway Construction Apprenticeship Readiness Course, which was developed by CAWP, PennDOT, and the unions, and funded by a grant from the Federal Highway Administration. A copy of the Association's testimony can be found [HERE](#).

Join CAWP's Heart Walk Team

Working Well is a toolkit that offers business leaders and human resource professionals strategies, information, and best practices for creating a supportive workplace environment for mental health and well-being.

Advertising Scam Alert

Recently, a company called Marbur Media has been contacting CAWP members asking for advertising approval for the publication 'Building in America'. They have obtained screen shots of ads purchased for the CAWP Membership Directory and are using those to solicit advertising dollars from various companies.

This outreach is not endorsed by CAWP. Any requests for advertising opportunities tied to CAWP will come from the Association directly, or from E&M Consulting. Please contact the Association office with any questions.
