National Work Zone Awareness Week a Success!

National Work Zone Awareness Week (NWZAW) took place April 21-25, 2025. CAWP once again participated in this national initiative to educate the traveling public about the deadly dangers of inattention around highway work areas.

This year's NWZAW theme was **"Respect the zone so we all get home."**

Participating companies were encouraged to pause during the workday for safety demonstrations, discussions about safety policies and other prevention steps, as well as to support Go Orange Day on April 23 by wearing orange to support safety in work zones.

CAWP would like to thank the following member companies for their participation in National Work Zone Awareness Week:

B&K Enterprises, Inc.
Lindy Paving

**Francis J. Palo, Inc.
Northeast Paving
S&B USA Construction- Fay
Trumbull Corp.**

If your company participated in National Work Zone Awareness Week, you can still submit your photos.

Introducing the New CAWP Online Store!

We're excited to announce the launch of the CAWP Online Store — your one-stop shop for exclusive gear! Explore a wide selection of apparel, hats, safety gear, drinkware, and more, all proudly featuring the CAWP logo.

Even better, CAWP member companies can upload their own logos, giving employees the option to purchase items branded with their employer's logo. Whether you're on the job or off the clock, show your pride with custom-branded gear from CAWP!

To include your company logo on the site, please contact Emily Marotte at emilym@cawp.org for details.

CAMP NAWIC Pittsburgh

Girls in Construction Camp 2025

CAWP is proud to sponsor the 2025 CAMP NAWIC Pittsburgh Girls in Construction Camp, to be held June 23-27, 2025. This week-long career exploration experience is intended for girls entering 8th-12th grade who are interested in learning about careers in construction.

Camp NAWIC will explore apprenticeship-based skilled trades positions (electrician, carpenter, operating engineer, etc.), college-based careers (engineer, architect, etc.), and the wide variety of career paths available for young women entering the construction industry.

If your organization is interested in sponsoring, [download the sponsorship form](#).

For more information about Camp NAWIC, or to access an application form for someone who may be interested in attending, access the flyer below.

now!

In the latest episode of Constructing Connections, we're joined by Jason Zang, District Executive for PennDOT District 11, to highlight National Work Zone Awareness Week.

Together, we explore the challenges highway workers face—like distracted driving and speeding—and the steps PennDOT is taking to improve safety. From automated speed enforcement and zipper barriers to strategic detours and collaboration with law enforcement through efforts like Operation Yellow Jacket, the discussion emphasizes shared responsibility in keeping work zones safe for everyone.

Help AGC Improve Highway Work Zone Safety by Completing this Survey by Friday, May 9

AGC and Survey Partner HCSS Will Use Survey Results to Urge Motorists to Be Careful During the Summer Travel Season

AGC of America and its survey partner, HCSS, are asking all highway and transportation members to help improve work zone safety by completing this [brief survey](#).

AGC wants to collect information on the number, severity, impacts, and potential solutions to highway work zone crashes. The results of this survey will be used for a media and public education campaign launched the week before Memorial Day to encourage motorists to be more careful in work zones. This data will also be used to advocate for stronger highway work zone safety laws and more aggressive enforcement of those laws.

Please take a few minutes to complete this important highway work zone safety survey by May 9th.

Contact Brian Turmail at 703-459-0238 or brian.turmail@agc.org with any questions, comments, or concerns about this survey and our plans to use it to promote highway work zone safety.

Complete the Survey

Search the Apprenticeship Readiness Course Candidate Dashboard

Now you can find the right person for your organization and easily search for candidates who have taken the Apprenticeship Readiness Course. These participants are interested in a career in the highway construction trades and reside in western Pennsylvania.

Within the candidate's profile, you'll find applicable equipment experience, certifications, training or vocational school attendance, and more.

To access the Candidate Dashboard, visit the link and enter the password for full access!
