

#18-25 May 5, 2025

Hosting a National Safety Stand-Down and Construction Safety Week event is a great way to involve your team and promote safety at work. Utilize resources such as campaigns, publications, training guides, and safety videos for your Safety Stand-Down.

MSA is providing complimentary live virtual sessions during the Safety Stand-Down week covering fall protection, head protection, and gas detection in confined spaces.

For additional details, check out the CAWP Safety Week & Stand Down resource guide!

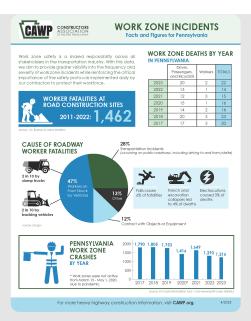

MORE INFORMATION

CAWP Issues Work Zone Incident Report

Work zone safety is a shared responsibility

across all stakeholders in the transportation industry. With this data, we aim to provide greater visibility into the frequency and severity of work zone incidents while reinforcing the critical importance of the safety protocols implemented daily by our contractors to protect their workforce.

Travel Time Traps: What Every Employer Needs to Know

Join us on Monday, June 2, 2025, for the fifth installment of the CAWP HR and Workforce Best Practices Program. This engaging seminar features Brian Shire, a Partner at SWB Law and is focused on providing answers to the most common questions asked by contractors about travel time.

Course topics include:

- Compensability of Travel Time under the Fair Labor Standards Act and the Pennsylvania Wage and Hour Laws
- Understanding the Portal-to-Portal Act
- Travel Time Between Job Sites during the Workday
- Employees Traveling Out of Town for Work
- Employee who is a Passenger and Not Driving

The program is free, but you must register to confirm a spot in the course.

SAVE-THE-DATE

CAWP Summer Fest

Plan now to attend the CAWP Summer Fest on Friday, June 27, 2025, from 11:30 AM - 3:30 PM in the Association's office parking lot. More details to follow!

Help AGC Improve Highway Work Zone Safety by Completing this Survey by Friday, May 9

AGC and Survey Partner HCSS Will Use Survey Results to Urge Motorists to Be Careful During the Summer Travel Season

AGC of America and its survey partner, HCSS, are asking all highway and transportation members to help improve work zone safety by completing this **brief survey**.

AGC wants to collect information on the number, severity, impacts, and potential solutions to highway work zone crashes. The results of this survey will be used for a media and public education campaign launched the week before Memorial Day to encourage motorists to be more careful in work zones. This data will also be used to advocate for stronger highway work zone safety laws and more aggressive enforcement of those laws.

Please take a few minutes to complete this important highway work zone safety survey by May 9th.

Contact Brian Turmail at 703-459-0238 or <u>brian.turmail@agc.org</u> with any questions, comments, or concerns about this survey and our plans to use it to promote highway work zone safety.

Complete the Survey

Search the Apprenticeship

Readiness Course Candidate Dashboard

Now you can find the right person for your organization and easily search for candidates who have taken the Apprenticeship Readiness Course. These participants are interested in a career in the highway construction trades and reside in western Pennsylvania.

Within the candidate's profile, you'll find applicable equipment experience, certifications, training or vocational school attendance, and more.

To access the Candidate Dashboard, visit the link and enter the password for full access!

Access the Candidate Dashboard

Password: frbarcdashboard2025

How to Use the Dashboard

Did you use the Candidate Dashboard from the Apprenticeship Readiness Course to hire recently?

Please answer this brief survey to let us know if you've recently hired someone from the list of candidates. This information will help guide and offer insight for future workforce development tools.

Take the Survey

Healthy coping skills are tactics to help you tolerate, minimize, and deal with life's stressful situations, such as a rough day at the office or a relationship breakup.

Managing your stress well can help you feel better physically, psychologically, and impact your ability to perform your best. Verywell Mind offers guidance and tips for creating healthy coping strategies.
