Completed Project Needed for Student Estimating Competition

CAWP is seeking a recently completed project to serve as the case study for our Student Estimating Competition in February 2026. This hands-on event gives university teams a real-world bid experience while introducing them to the contractors, processes, and standards that define our industry.

Ideal Project Criteria:

- Total value between **\$1–5 million**

Your project could inspire the next generation to choose a heavy-highway career and ensure our region has the skilled estimators and builders it needs.

- PennDOT project preferred
- Includes a **structure component** (e.g., small bridge, box culvert, retaining wall, or similar)

What's in it for the Contractor:

- Work with CAWP's advisor to craft what project items to include in this year's competition
- Participate in a short **pre-bid meeting** (context, constraints, Q&A)
- Assist with the **final awards ceremony** to highlight the project
- **Visibility and goodwill** with students, educators, and agency partners

Your project could inspire the next generation to choose a heavy-highway career and ensure our region has the skilled estimators and builders it needs.

If you have a project to suggest, contact **Jason Koss** at jasonk@cawp.org

Search the Apprenticeship Readiness Course Candidate Dashboard

Now you can find the right person for your organization and easily search for candidates who have taken the Apprenticeship Readiness Course. These participants are interested in a career in the highway construction trades and reside in western Pennsylvania.
