

LAST CALL: Safety Awards Programs- Get Recognized for Your Company's Safety Achievements

It is time to submit your company's safety statistics for both the CAWP/H2AP Safety Awards and the AGC NASA Safety Awards program. The entry forms were combined so that you submit only one form. Most of the information comes from your company's 2025 OSHA Form 300A.

CAWP/H2AP Safety Awards Program

The CAWP/H2AP Safety Awards program recognizes companies for their safe work performance in western Pennsylvania during the 2025 season. The award is an opportunity to receive well-deserved recognition from your peers in the industry. Awards are based on each company's Lost Workday Incidence Rate. **Awards will be presented at the annual CAWP/H2AP Safety Banquet on March 20, 2026.**

Note: The CAWP/H2AP Safety Award represents heavy, highway, railroad, and utility work performed within the 33 counties of western Pennsylvania.

National AGC Safety Awards (NASA) Program

The AGC of America's National AGC Safety Awards (NASA) program provides AGC members an opportunity to evaluate their safety record. Participating contractors receive a confidential printout to compare their company's safety statistics with similar size and type AGC contractor members both locally and nationally. Safety awards are given to members who have a zero-incident rate or who have an incident rate 25 percent below each occupational division's average. Awards will be delivered in the spring of 2026.

Note: The AGC NASA program is for AGC/CAWP members only. If you are unsure of your membership status, submit the electronic form and CAWP will determine eligibility.

Please submit by February 4, 2026.

Recruit Top Talent at the CAWP Student Estimating Competition

The 10th Annual CAWP Student Estimating Competition will be held **February 19 - 21, 2026**, at the Pittsburgh Marriott North in Cranberry Township. In conjunction with the competition, a career fair will be held on **Saturday, February 21**, from **approximately noon – 3:00 p.m.** This event provides a direct opportunity to engage with top construction management and engineering students. Notably, numerous **past Estimating Competition participants have been hired by CAWP contractor members** following this event.

This year's will feature over 60 motivated students from the following schools:

Bucknell University
Carnegie Mellon University
Penn State University
Penn State University – Harrisburg
The University of Pittsburgh
The University of Pittsburgh – Johnstown
Slippery Rock University
West Virginia University

Interested in participating?

Contact Emily at emilym@cawp.org or call the Association at 412-343-8000.

Volunteers Needed for Operating Engineers Apprentice Interviews

A common issue expressed to the Association is the need

to find individuals who can be developed into skilled craft-persons. Annually, each Apprenticeship program tests, interviews, and selects apprentices.

We need representatives to assist us in the interview process for Operating Engineers. The interview panel will consist of two Labor and one or two Management representatives. Please consider being on the interview panel or encourage a representative from your company to do so.

DATES: February 10 – February 19

TIME: 8:00 a.m. – 4:30 p.m.

LOCATION: Operating Engineers Local 66 Office – RIDC Park off Route 28 - (111 Zeta Drive, Pittsburgh, PA 15238)

To participate: Select any day on the [Volunteer Form](#). If a day is not available, it has been filled.

*If you have any issues with the volunteer form, please contact Jason at jasonk@cawp.org directly to schedule.

In need of an experienced concrete finisher or crane operator, or looking for talent with OSHA 10 Hour training or has a CDL?

With our Candidate Dashboard, you can easily connect with the right talent for your organization by searching candidates who have completed the Apprenticeship Readiness Course. These motivated individuals are interested in highway construction careers and are based in western Pennsylvania.

Candidate profiles can be filtered by equipment experience, certifications, training, and more, with the ability to easily download their resume or access contact information.

Recent candidates who have completed the course include:

- An individual in Fayette County with experience in concrete finishing, heavy equipment operation, and OSHA 10 Hour training.
- An individual in Armstrong County with experience in equipment maintenance with First Aid/CPR and OSHA 10 Hour training.

How to Use the Dashboard

MENTAL HEALTH *MINUTE*

**YINZ
GOOD?**

Often, the last thing you want to do when you have anxiety or depression is exercise, but working out regularly can improve these symptoms and help keep depression and anxiety from returning once you're feeling better.

While regular exercise offers numerous mental health and emotional benefits, it can also help improve and prevent a variety of other health problems, including arthritis, diabetes, and high blood pressure.

In this article, the Mayo Clinic offers realistic tips to help you get started and stick with a regular exercise routine.
