**YINZ
GOOD?**

There are numerous benefits to deep breathing that will create positive responses and affect your nervous and cardiovascular systems, including reducing anxiety and depression symptoms, lessening stress, and stabilizing or lowering blood pressure.

The American Heart Association offers techniques for deep breathing, such as box, diaphragmatic, pursed-lip, and 4-7-8 breathing.

Plus, their 'Breathing Brings Benefits' infographic is an easy, shareable download that outlines the benefits of deep, controlled breathing.
